

Yvonne Buckley

Australian Research Fellow
University of Queensland &
CSIRO Sustainable Ecosystems

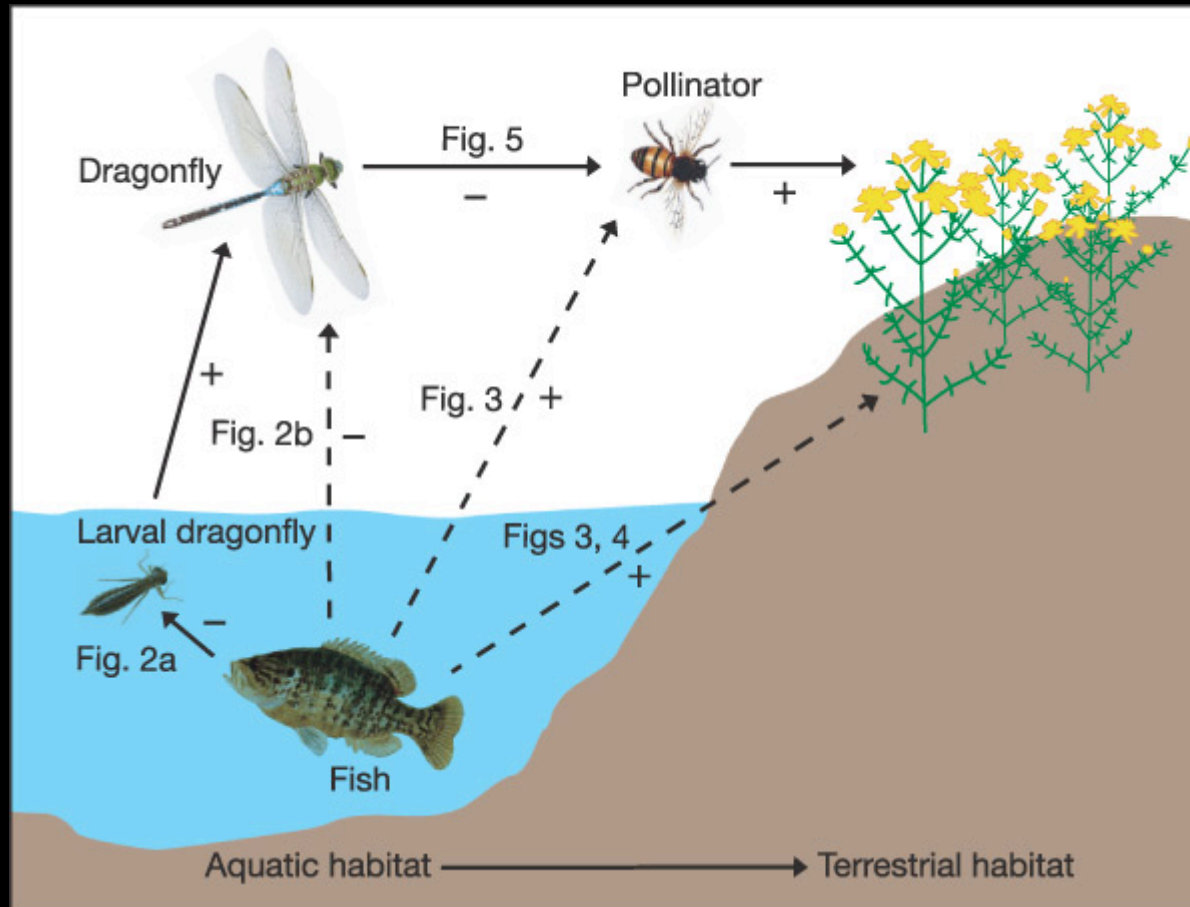

LETTERS

Trophic cascades across ecosystems

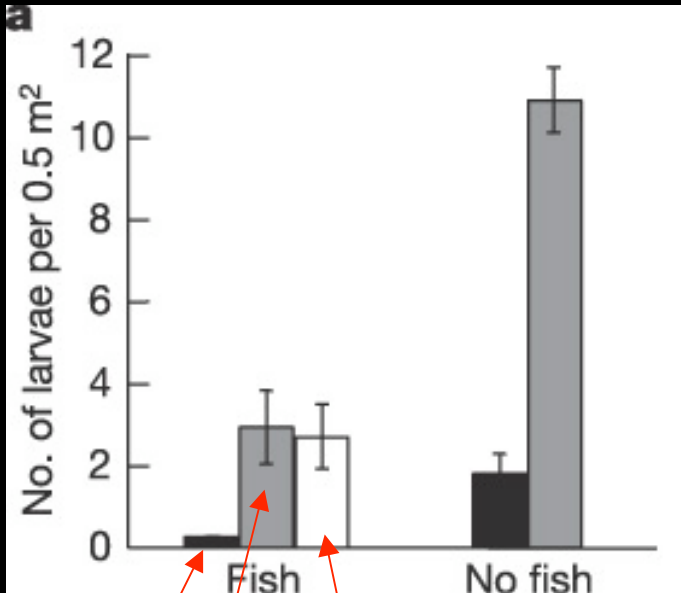

Tiffany M. Knight^{1,2}, Michael W. McCoy¹, Jonathan M. Chase², Krista A. McCoy¹ & Robert D. Holt¹

Fish increase fecundity of plants

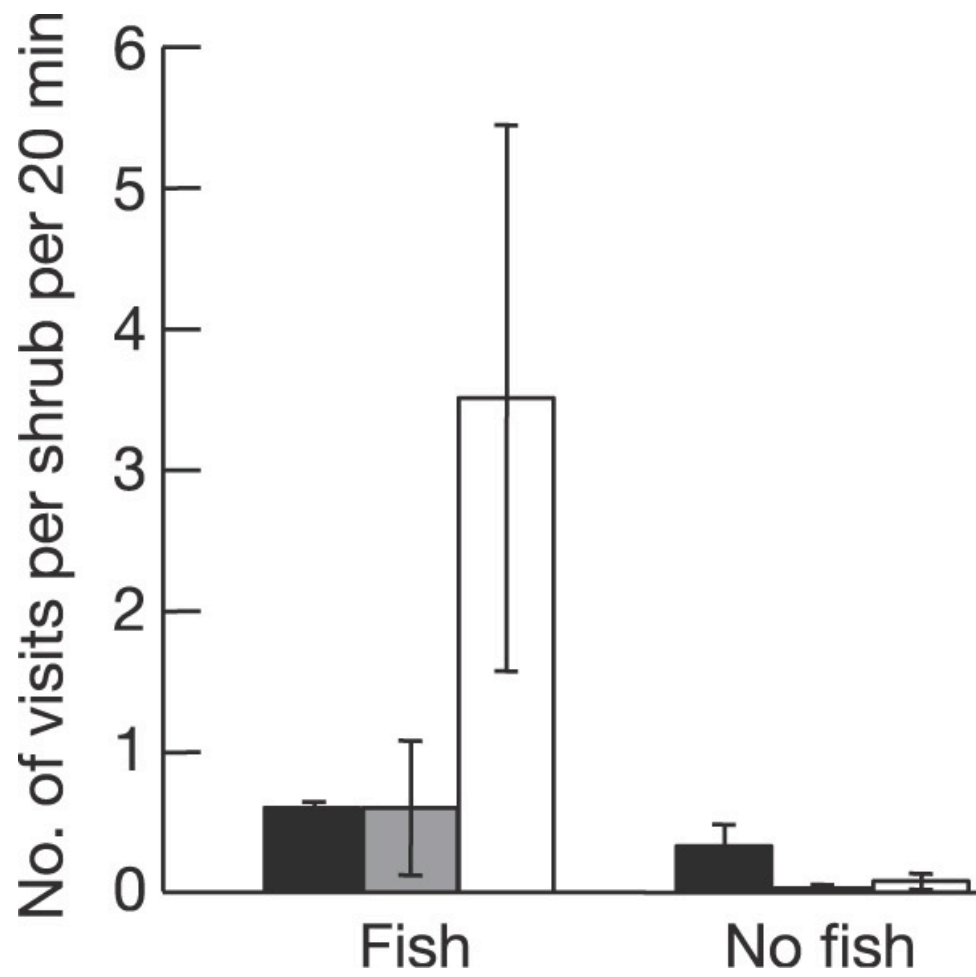

Dragonflies

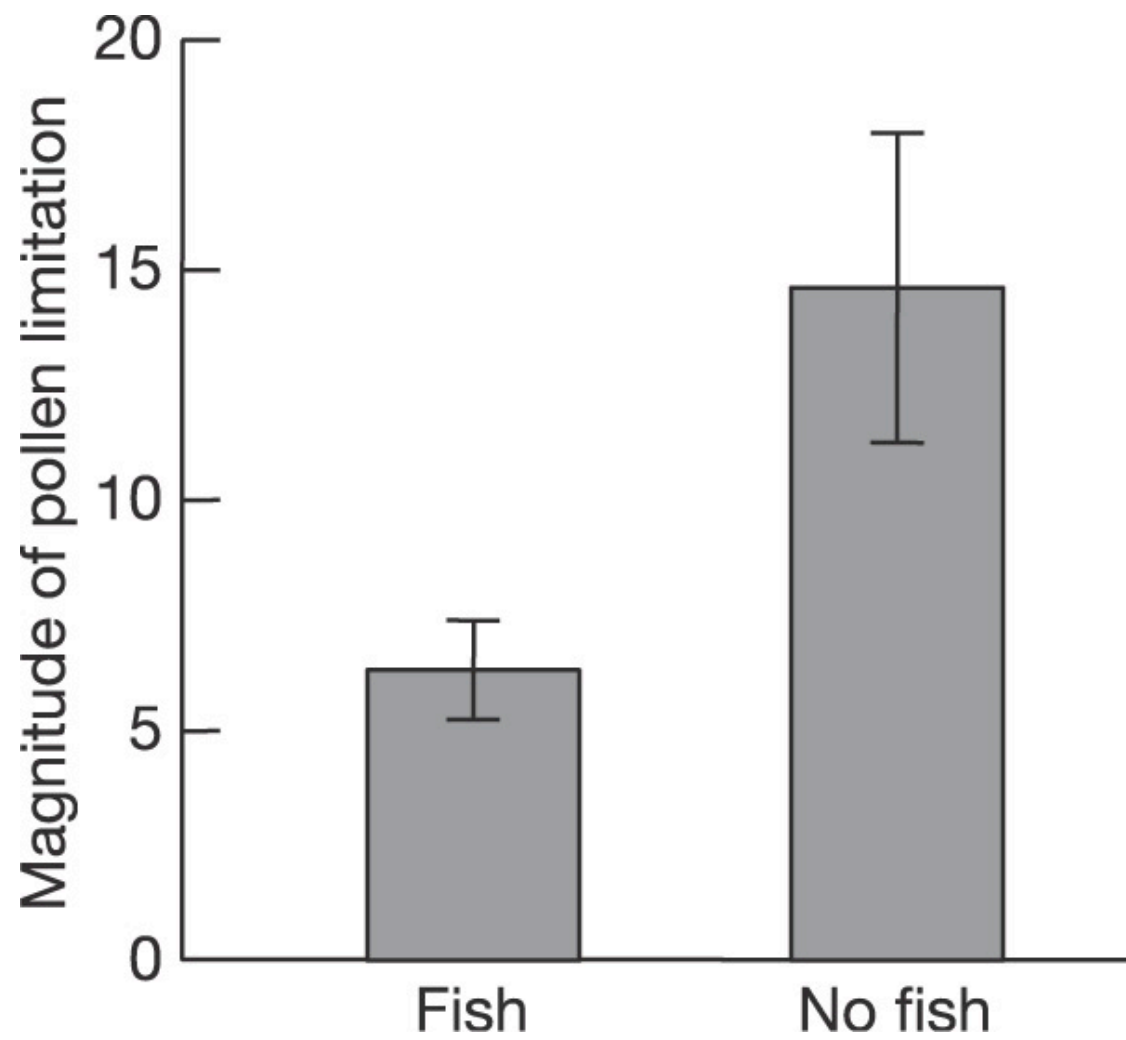

small

medium

large

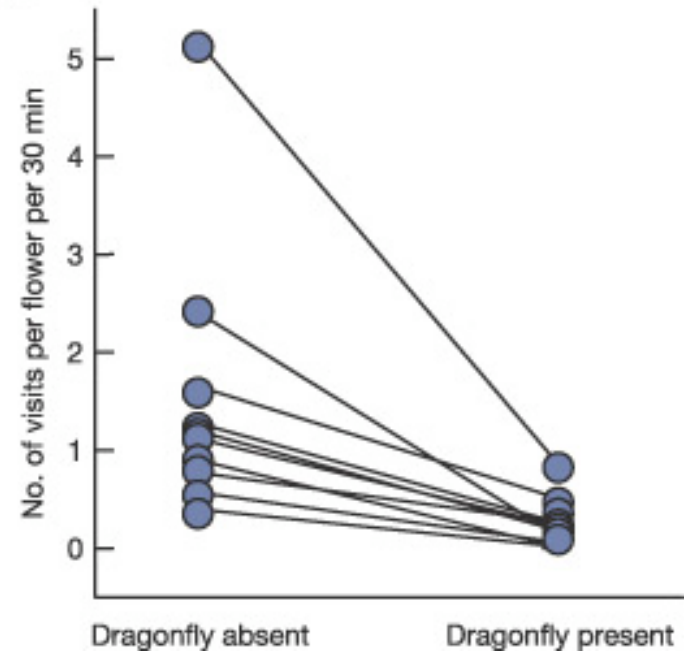

a

b

Why is this an important study?

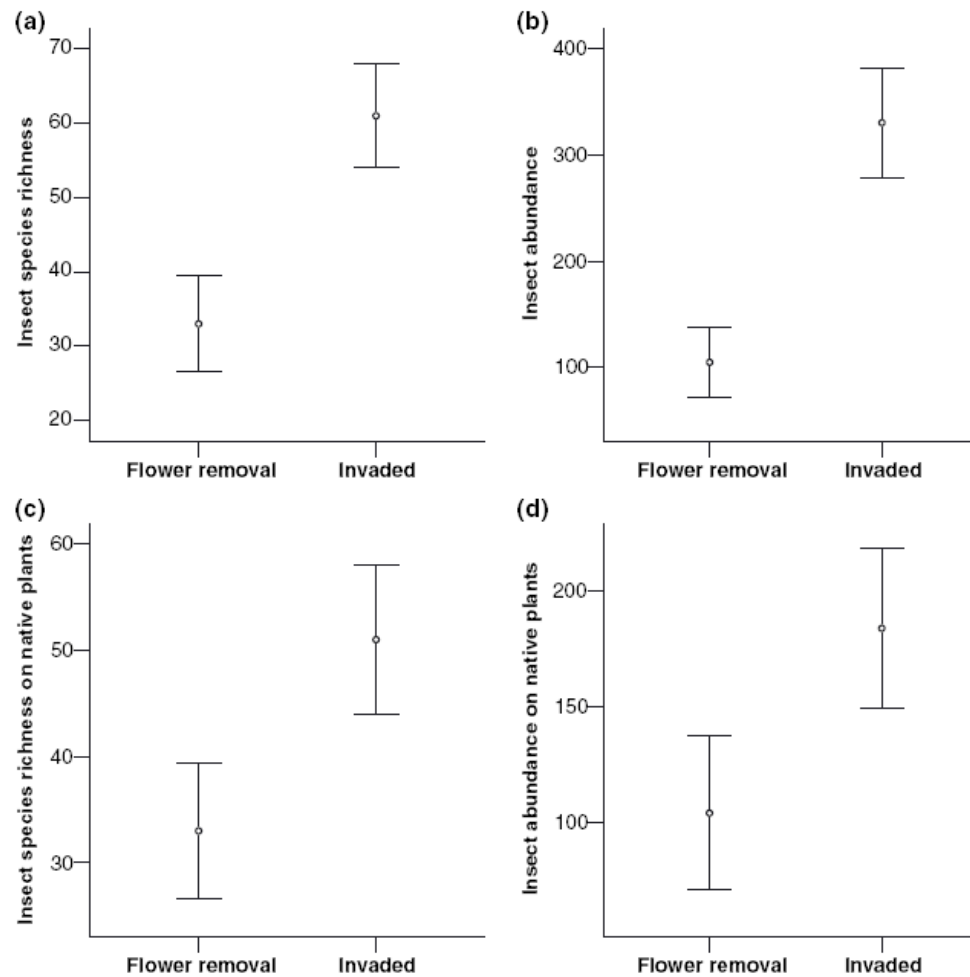

For Ecology...

For Applied Ecology...

LETTER

The impact of an alien plant on a native plant–pollinator network: an experimental approach

Martha E. Lopezaraiza-Mikel,
Richard B. Hayes, Martin R.
Whalley and Jane Memmott*

Cross boundaries

Use multiple techniques

Skill up
