

# AINSE WINTER SCHOOL

Nuclear Science and Engineering current and future developments

Monday 13<sup>th</sup> July – Friday 17<sup>th</sup> July 2015

AINSE is offering a **prestigious scholarship** to all senior undergraduate students from AINSE member universities. Students interested in the use of nuclear techniques, across a range of **disciplines, such as archaeology, biology, chemistry, engineering, geology, materials science, medicine, nanotechnology, and physics** are encouraged to apply.

The scholarship will fund attendance at the **AINSE Winter School** to be held at the **Lucas Heights Science and Technology Centre (ANSTO)** about 30km south of Sydney.

#### The Winter School includes:

- tours of ANSTO labs and facilities;
- lectures and experimental sessions;
- an opportunity to develop an honours year experiment;
- high profile guest speakers;
- extensive social program including an evening cruise on Sydney Harbour

*“The winter school program was an amazing opportunity to gain insight into different opportunities available after UNI and to talk with people heavily involved in the scientific community. I have learnt so much and took a lot from it”-winter school 2014*

Please contact your university's AINSE Councillor to apply:  
<http://www.ainse.edu.au/home2/council-and-executive>

**Closing Date:**  
**Monday 20<sup>th</sup> April 2015**
