

Faculty of Science and Engineering WHS Incident report Feb / March 2015

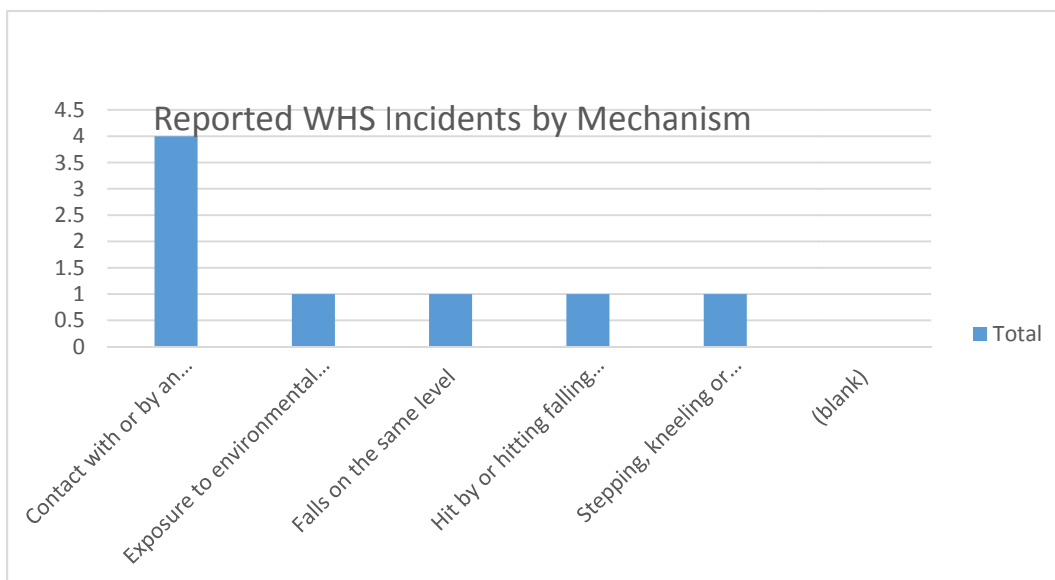

From the 19th of February 2015 until the 19th of March there have been a total of 8 reported incidents to the Faculty of Science and Engineering at Macquarie University.

The tables below outline these incidents as to the type of incident, what body part was affected, the type of injury that was sustained, the location, occupation and department where the incident occurred.

There are no new workers compensation claims reported
