

SYDNEY - SOCIETY FOR
CONSERVATION BIOLOGY

Conservation Café

Saturday November 7th @ 2:30pm – Learning Centre, Centennial Parklands

This event is *FREE* for our members. Entry with *GOLD COIN DONATION* for non-members.

[RSVP on EVENTBRITE](#)

Are you interested in the conservation of the Earth's biological diversity? Would you like to meet like-minded people and hear about the work being done in the Sydney Region and beyond?

Conservation Café is a monthly event hosted by the [Sydney Society for Conservation Biology](#) to celebrate and learn about the incredible work being done by our region's conservation professionals and volunteers over a cup of coffee and a chat.

This November, Sydney-SCB welcomes **Dr John Martin, wildlife ecologist with the Botanic Gardens and Centennial Parklands**.

John has worked over the last decade on ecological research and management projects with a focus on urban ecology and human—wildlife conflict. His PhD research on the Australian white ibis in the Sydney area is an example of combining these two areas. More recently John coordinated the flying-fox dispersal from the Royal Botanic Garden, this program aimed to conserve the living botanical collection within the garden whilst not impacting a nationally listed vulnerable species. This was a major project with over \$1 million spent on the implementation and associated research. **WE WILL GO FOR A WALK WITHIN THE FLYING-FOX COLONY, SO PLEASE WEAR APPROPRIATE SHOES (IF IT HAS RAINED IT WILL BE MUDDY).**

WE WILL GO FOR A WALK WITHIN THE FLYING-FOX COLONY, SO PLEASE WEAR APPROPRIATE SHOES (IF IT HAS RAINED IT WILL BE MUDDY).

Complimentary tea, coffee and pastries provided by Sydney-SCB with re-usable cups available for purchase with proceeds going towards our conservation projects.

About Sydney-SCB: The [Sydney-Society for Conservation](#) is a regional chapter of the global [Society for Conservation Biology](#), and the third chapter formed in the Oceania Region. Our mission is to advance the science and practice of conserving the biological diversity of the Sydney Region and beyond.
